DIRECTOR, PRODUCT MANAGEMENT — TRANSACTIONAL PLATFORMS & RELIABILITY

Product leader focused on revenue-critical transactional platforms, risk-managed product change, and decision-grade analytics. Proven track record protecting and growing \$10M+ annual revenue by improving transaction reliability, performance, and measurement rigor. Experience across regulated financial products, large-scale consumer platforms, B2B web/mobile apps, and partner ecosystems.

Professional Experience

Director, Product Management

SeaWorld Parks & Entertainment (United Parks & Resorts) | 2021 – Present

- Owned high-volume transactional platforms across cart, checkout, pricing, performance, analytics, and SEO for 12 consumer websites supporting hundreds of millions in annual revenue
- Protected \$10M+ in annual revenue by reducing transaction failures from ~20% to mid-single digits and preventing regressions in revenue-critical flows
- Delivered \$8-10M+ annualized impact per major initiative through risk-managed optimization of pricing, transaction UX, and funnel reliability
- Improved platform performance (page load time -15%, key actions +44%), reducing abandonment and increasing transaction completion under peak demand
- Built monitoring, analytics, and experimentation systems used to detect failures, validate changes, and block high-risk releases before full rollout
- Provided decision-grade analytics relied upon by senior executives to evaluate pricing changes, demand shifts, and capital investment tradeoffs

Product Manager, Digital Product Development

Prudential Financial | 2015 – 2021

- Led development of the company's first consumer mobile app, supporting \$350M in retained assets and \$10B in new client assets in a regulated financial environment
- Improved app ratings from 1.8 to 4.8, reaching 700K+ downloads and sustaining ~100K monthly active users
- Rebuilt B2C and B2B account management and transactional platforms, prioritizing correctness, accessibility, auditability, and regulatory compliance

Senior Product Manager

AccuWeather | 2011 – 2015

- Drove ~150% growth in mobile advertising revenue (~\$10M annually) by improving engagement and monetization in high-traffic mobile products
- Scaled mobile platforms from ~1M to ~35M users, operating in distributed, partner-integrated ecosystems
